

★ Team Fun

This relaxing sailing experience is perfect for celebrating milestones or building relationships. An interactive sail on the Bay is a great way to welcome new members, get to know each other, or reward team accomplishments. Terrific gourmet food & drinks for your sail.

The captain and crew will introduce your group to the core elements of sailing and teamwork, inviting those interested to take a hands on role in this memorable experience.

Crew Match Race

Experience an 'America's Cup' style match race pitting 'Woodwind' vs. 'Woodwind II'. The super-competitive crew will race the boats for your entertainment, offering a rare chance to see a true big-boat match race firsthand.

- Introduction to the core elements of sailing, teamwork, race strategy and tactics while sailing.
- Help raise the sails, and take part in helping your team win!

This race is ideal for groups who want to experience the excitement of a match race, yet who want a less hands-on and intensive sail training program.

★★ Teambuilding Challenge

This exciting and interactive experience is ideal for building the core skills that create a high performance team.

- Increase awareness of your team process
- Learn how pressure stimulates teamwork
- Understand how leadership is applied in a team environment

Your team will be divided into smaller groups to learn the basics of sailing, communication and teamwork. After training, the entire team will work together to sail and successfully navigate around a course.

"This was a fantastic experience and we all had a blast! I will highly recommend to others!"
-Tara Buebendorf, Vocus, Inc.

★★★ "Ultimate Team Challenge"

Two teams on identical schooners go head-to-head in an exhilarating, fun, and interactive match race for the entire group. Awaken your team's competitive juices, as everyone works together to be first over the finish line.

- Learn how competition plays a role in the way a team works
- Discover how tactics help a team adhere to a strategy
- Enhance understanding of leadership in a team environment

Each team will be divided into smaller groups for an intensive sail training and teamwork session. After training, the entire team will learn about race tactics, and decide upon how the group must work as a team. Pick your "captain" who will facilitate this communication and lead your team to victory.

Why Sail?

Sailing requires teamwork, collaboration, trust, communication, and coordination—the core skills of high performance teams.

Why the “Woodwind”?

Our one-of-a-kind experience has proven to bring success on the water and in the workplace.

“The crew was great with our group and gave us a fantastic sailing experience.”

Kelsa McLaughlin, Box of Rain

“Excellent communication and interaction by the staff. The best team building experience!” - Megan Caylor, Nextel

“We have done racing elsewhere, but this was a superior experience! Everyone loved it!”
Maryelle Malo, Meeting & Incentive Management Group
